| <b>School Organisation and Structures</b> | <p>In 2024 we have maintained 4 classes/teachers. Our junior class, Piwakawaka has NE – Year 1 students. Our second junior class, Tui has Year 2-3 students. Our middle class, Kiwi is Year 4-5 and our senior class, Karearea is Year 6 - 8.</p> <p>Tuakana-Teina is widely used throughout the school week and it is fully ingrained in our school culture. Tuakana-Teina is used for academic work such as buddy reading and maths and also for sports/PE such as supported swimming and social science/science activities where students are whanau grouped to suit activities. Students are expected to help each other when they can and we encourage friendships and interactions between all ages and genders.</p> <p>During 2024 we continued PB4L (positive behaviour for learning started in 2019) which has had a positive impact on our practices around behaviour management as we have been able to focus and reflect on what we are doing and why we are doing it with trained facilitators to support us. The Mākara Way values were updated via community consultation and student work, to give us goals for our behaviour and values we adhere to, it has been highly successful with students and staff having ownership of it, it is living and thriving in the school and we continued to develop it in 2023 and 2024. It is now becoming embedded in our school culture and is highly effective and valued by all - with progressions developed for clear goal setting and student agency.</p> <p>All students have the same home learning expectations, and we use this as a way of helping parents understand what we are learning about at school. Reading is encouraged and expected at home for all students and junior students have a regime of reading and structured literacy spelling words, with parents having high contact with the teacher to ensure things are going well at home. Oral language is well supported in the junior classes with families being given the weekly topic in advance so they can support their child in sharing ideas and information with the class. This focus continues through into the senior classes with collaboration encouraged and debating a popular and much enjoyed school event. A school wide focus on listening skills and dictation through Structured Literacy has seen an improvement in communication skills and general behaviour during group or whole school sessions. Contact between the school and families is high, we encourage parents to come into the school and have high levels of communication with them.</p> <p>The school timetable is set out to ensure the one hour of reading, writing and maths each day.</p> <p>There is a school newsletter 2-3 times a term, and weekly classroom newsletters are sent and we have fortnightly hui's to celebrate student success and show the work students have been working on. Families are always welcome and we get good turnouts for these, particularly in the end of term hui's and powhiri. We also have events such as picnics, art celebrations, hangi, school cross country, swimming displays, athletics events, sports days to celebrate events like the Olympics or Commonwealth Games, discos, concerts, productions, pet day and camps/overnight stays. Our community is always very supportive of these events as well as helping with the regular trips we take students on.</p> |
| <b>Review of Charter and Consultation</b> | <p>The charter is reviewed annually and periodically during the year with board members. Levels of consultation within the school community are high with surveys taking place regularly for students, staff and families. During 2024 we surveyed the school community on our health curriculum and our digital reporting trial. We are using Hero for this, to promote live reporting. A parent information evening is being held to inform our parents about how to use the app, interpret results and communicate through this. We will also be covering the updated curriculum, how our programmes work, structured literacy and our garden to table sustainability programme.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

# Student Achievement Report and Analysis of Variance

## Mākara Model School - Term 4 Review - 2024 Strategic Aim 2

Our end of year data review has been based on the New Zealand Curriculum Levels. Teachers have made judgments against these curriculum levels using a range of tools including, standardised tests, observations, anecdotal notes and class work examples. These judgements have been moderated by peers and senior leaders. The New Zealand Curriculum Levels are what the majority of schools are using to gauge where children are working in 2024.

We have broken each curriculum level into three areas. Beginning, Proficient and Advanced. There is a significant amount of moderation and teacher professional development around unpacking what learning looks like in reading, writing and maths across the curriculum levels.

We are also tracking students' progress. Our aim is to lift all student achievement and to be making accelerated progress with more students. The way that we are trying to achieve this is by focusing on students that are not making the expected levels of progress within a year. Teachers are then developing interventions for these students.

# Whole School Data - 2024

Strategic Aim 2 - At Mākara Model School each student achieves their best in all areas of the curriculum.

At Mākara Model School each student achieves their best in all areas of the curriculum.

Data Targets 2024 - Strategic Aim 2.

Reading, Writing and Maths target - 85% at or exceeding expectation

| % at or above expectation | Mid 2022 OTJ | End 2022 OTJ | Mid 2023 OTJ | End 2023 OTJ | Mid 2024 OTJ | End 2024 OTJ |
|---------------------------|--------------|--------------|--------------|--------------|--------------|--------------|
| Reading                   | 76%          | 83%          | 77%          | 85%          | 77%          | 89%          |
| Writing                   | 60%          | 72%          | 67%          | 79%          | 74%          | 82%          |
| Maths                     | 74%          | 88%          | 80%          | 88%          | 80%          | 91%          |

Progress/Acceleration Results:

Reading, Writing and Maths target - 90% making expected or accelerated progress

| % Progress Results | Mid 2022 OTJ | End 2022 OTJ | Mid 2023 OTJ | End 2023 OTJ | Mid 2024 OTJ | End 2024 OTJ |

Mid and End Year Data Results 2024

Mid and End Year Progress Results 2024

# Reading

| %           | Needing Support | Working Towards | At  | Exceeding |
|-------------|-----------------|-----------------|-----|-----------|
| Term 2 2022 | 7%              | 17%             | 57% | 19%       |
| Term 4 2022 | 4%              | 13%             | 62% | 21%       |
| Term 2 2023 | 8%              | 15%             | 56% | 21%       |
| Term 4 2023 | 5.5%            | 10.5%           | 57% | 28%       |
| Term 2 2024 | 3%              | 20%             | 37% | 40%       |
| Term 4 2024 | 4%              | 7%              | 67% | 22%       |

In Term 2 Reading, 77% of students met expected levels.

In Term 4 Reading, 89% of students are meeting expected levels.

## Whole School Achievement in Reading

Mid and End Year Reading Whole School OTJ's 2024

**Term 2:** At this point in the year we are tracking in a similar place in regards to data; we are very close to where we were in Term Two 2023. This is a good place to be as our efforts which have been focusing on lifting and extending students have paid off.

We have now completed **two full years** of Structured Literacy and classroom programmes continue to support students at both ends of the curriculum. We know that continued use and growth of teacher knowledge and confidence in this area will enable progress.

We have had students move out of the **Needing Support** category into the **Working Towards** category with only a small number of students (3%) remaining.

We also have **40% of students exceeding expectations** This is the highest and lowest percentages that we have had in the period 2022-2024.

**Term 4:** There has been an improvement in the **Year 2 Boys** and **Year 2 Girls** Cohorts due to targeted group teaching. We have now completed over **two full years** of Structured Literacy and classroom programmes continue

to support students at both ends of the curriculum. We have made a move from 77% to 89%. We have had a decrease in the number of students that are in the **Working Towards** category.

Mid and End Year Maori Reading OTJ's 2024

**Māori Achievement in Reading**

**Term 2:** **81%** of Maori students are achieving well in Reading and this is higher than our whole school data in this learning area (75). Our Māori students have made great progress and there are **0%** of students **Needing Support**. However, there are still **18%** of students who are at **Working Towards**. Overall, the number of students in this group below has seen positive shifts.

**Term 4:** Maori achievement has risen from **82%** to **88%**. This is good news and is similar to the whole school average. The number of Maori students **Needing Support** has also remained at 0%. There has also been a shift from the amount of Maori Students moving out of the **Working Towards** category.

Māori Reading Data Tracking\*

| %               | Term 2 2022 | Term 4 2022 | Term 2 2023 | Term 4 2023 | Term 2 2024 | Term 4 2024 |
|-----------------|-------------|-------------|-------------|-------------|-------------|-------------|
| Needing Support | 9%          | 0%          | 7%          | 7%          | 0%          | 0%          |
| Working Towards | 27%         | 27%         | 21%         | 0           | 18%         | 12%         |
| At              | 64%         | 73%         | 72%         | 93%         | 51%         | 76%         |
| Exceeding       | 0%          | 0%          | 0%          | 0%          | 31%         | 12%         |

In Term 2, we had **82%** of Maori students achieved in this area.

In Term 4, we have **88%** of Maori students achieving in this area.

\*This data is heavily impacted by student movement as it is a relatively small cohort (17). This means that one student is equal to approx 6% movement.

## Reading Accelerated Progress Graph

| Reading | Insufficient Progress |         |          | Sufficient Progress |          |          | Accelerated Progress |          |          |

| 6 (11)  |                       | 1 - 14% |          | 4 - 100%            | 4 - 57%  | 1 - 100% |                      | 2 - 29%  |          |
| 7 (9)   | 1 - 25%               | 1 - 20% |          | 1 - 25%             | 3 - 60%  | 2 - 100% | 2 - 50%              | 1 - 20%  |          |
| 8 (8)   |                       |         |          | 4 - 80%             |          |          | 1 - 20%              | 3 - 100% | 1 - 100% |
|         | 13%                   |         |          | 67%                 |          |          | 22%                  |          |          |

In Term 2, we had 79% of students making sufficient or accelerated progress.

In Term 4, we had **89%** of students making sufficient or accelerated progress.

We will use this data to track those students that are not making the expected progress for next year. Teachers will be looking at ways they can accelerate their learning for 2025.

### What the data tells us:

- Maori students' achievement has dropped.
- New students continue to come in with low levels in relation to Structured Literacy / Reading comprehension skills.
- The Structured Literacy approach is having a positive impact in achievement across the school and with new students.
- Boys in Year 5 (**Year 6 in 2025**) will need some support in order to make more progress.
- Girls in Year 3 (**Year 4 in 2025**) will need some support in order to make more progress.

- Boys in Year 2, Year 4, Year 6, and Year 8 are achieving well.
- Girls in Year 2, Year 5, Year 6 and Year 8 are achieving well.
- We need to continue to offer opportunities to extend our top students E.g. Elsie Locke Writing Competition, Lit Quiz etc.

#### **Reading Next Steps:**

- **Highlight students of concern for teachers to create specific targets and interventions around:**
  - **Year 3 Girls cohort (Year 4 in 2025)**
  - **Year 5 Boys cohort (Year 6 in 2025)**
- Continue to teach Structured Literacy across the school.
- Keep this as a priority focus so we can continue to see the benefits filter through into our Reading and Writing programmes.
- Teach Reading within the classroom through groups, skills, Shared Reading etc.
- Continue to target individuals as well as engagement groups with Matua Max and change these to best suit the needs of our target students.
- Reflect on our programmes in terms of best practice and look at how teachers are differentiating their programmes to extend students.
- A Schoolwide online Literacy Hub has been set up to help resource students and teachers and will continue to be added to.
- Follow research and initiatives across and within the Kahui Ako.

# Writing

| %           | Needing Support | Working Towards | At  | Exceeding |
|-------------|-----------------|-----------------|-----|-----------|
| Term 2 2022 | 18%             | 22%             | 48% | 12%       |
| Term 4 2022 | 12%             | 16%             | 59% | 13%       |
| Term 2 2023 | 13%             | 20%             | 55% | 12%       |
| Term 4 2023 | 6%              | 16%             | 64% | 15%       |
| Term 2 2024 | 1%              | 25%             | 45% | 29%       |
| Term 4 2024 | 4%              | 14%             | 72% | 10%       |

In Term 2 Writing, 74% of students met the expected levels.  
In Term 4 Writing, 82% of students are meeting the expected levels.

## Whole School Achievement in Writing

**Term 2:** Our mid year results are the highest schoolwide since tracking started in 2022. It has increased at each of the mid year reporting points. Again, this puts us in a strong position as we go into the second half of the year. It is great to see that at the 2024 mid year point, Writing is not the lowest core Learning Area in terms of achievement.

In 2024, we have continued to moderate our writing, using structured planning, more regular writing opportunities and looking at different genres e.g. Descriptive and Persuasive Writing. Literacy is a big focus within the Kahui Ako and with more confidence and work done in the area of regular writing coupled with good Structured Literacy practice, we can continue to strengthen the links between reading and writing.

We have had students move out of the **Needing Support** category into the **Working Towards** category with only a small number of students (1%) remaining. We also have **29% of students exceeding expectations** This is the highest and lowest percentage that we have had in the period 2022-2024.

Mid and End Year Writing Whole School OTJ's 2024

**Term 4:** We have had a gain on data from **74%** of students meeting the expected level in Maths to **87%** of students meeting the expected levels. We have continued to have low numbers of students **Needing Support** as well as a lowering in numbers in the **Working Towards** category. There has been significant gains in Writing this year, and data now aligns more closely with results in Reading and Maths.

Mid and End Year Maori Writing OTJ's 2024

**Māori Progress in Writing**

**Term 2:** **75%** of Maori students are achieving well in Writing. This is excellent news and has progressed well throughout the first half of the year. Our Māori students are currently performing at the same level as all students at MMS in Writing. The number of students in this group below has seen positive shifts. It is positive to see the decreasing trend in the number of students who aren't achieving expectations e.g. **0% Needing Support**.

**Term 4:** **82%** of Maori students are achieving in Writing which is equal to the **82%** of all students at MMS. This is a shift upwards from Term 2 (**75%**). Once again, there are no students in the **Needing Support** category. There has been an increase in the amount of Maori students achieving in the **Above** category as well as a decrease in the number of students in the Working Towards category.

| 4               |                       | 25%  |       | 75%                 | 75%  | 100%  | 25%                  |      |       |
| 5               | 62.5%                 |      |       | 37.5%               | 83%  | 67%   |                      | 17%  | 33%   |
| 6               | 25%                   | 14%  |       | 75%                 | 72%  | 100%  |                      | 14%  |       |
| 7               | 25%                   | 20%  |       | 75%                 | 60%  | 100%  |                      | 20%  |       |
| 8               |                       |      |       | 100%                | 100% | 100%  |                      |      |       |
|                 | 17%                   |      |       | 75%                 |      |       | 8%                   |      |       |

In Term 2 74% of students made sufficient or accelerated progress.

In Term 4 **83%** of students are making sufficient or accelerated progress.

Those students that are not making the expected progress are tracked and teachers will be looking at ways they can accelerate their learning.

### What the data tells us:

- Writing will continue to be a focus in each classroom for 2024.
- There has been a shift in students being able to apply spelling and basic punctuation skills (learnt in Structured Literacy programmes being taught in classes) to their own writing.
- Students have an improved understanding of descriptive/persuasive writing and a broader focus of genre but will need to continue to do work in these areas.
- The Year 6 Boys cohort has made good progress, and is now not 'at risk'.

- We have a cohort of Girls sitting below expectations in **Year 3 (Year 4 for 2025)**.
- We have a cohort of Boys sitting below expectations in **Year 5 (Year 6 for 2025)**.
- Students across the school are doing well in general in their writing.

#### **Writing Next Steps:**

- **Highlight students of concern for teachers to create specific targets and interventions around:**
  - **Year 3 Girls (Year 4 for 2025)**.
  - **Year 5 Boys (Year 6 for 2025)**.
- We need to continue to strengthen our connections between reading and writing within the curriculum (including Oral Language).
- Continue a focus on Descriptive Writing, Persuasive Writing and other genres.
- A continued push for students to plan their work (and actively use this to inform their writing).
- Regular writing each day and working with targeted students who need extra help.
- More work around how to research and write in students' own words. This is important for Persuasive Writing, and for Report Writing.
- Identify focus groups and monitor progress closely among these students.
- A Schoolwide online Literacy Hub has been set up to help resource students and teachers.
- Look for PD opportunities within the Kahui Ako. We will move to using the Kahui Ako 'Tracking Sheet' to follow student achievement.

# Maths

| %           | Needing Support | Working Towards | At  | Exceeding |
|-------------|-----------------|-----------------|-----|-----------|
| Term 2 2022 | 18%             | 8%              | 64% | 10%       |
| Term 4 2022 | 9%              | 3%              | 76% | 12%       |
| Term 2 2023 | 7%              | 13%             | 64% | 16%       |

| Term 2 2024 | 3%              | 17%             | 45% | 35%       |
| Term 4 2024 | 4.5%            | 4.5%            | 65% | 26%       |

In Term 2 Maths, 80% of students met the expected levels.  
In Term 4 Maths, 91% of students are meeting the expected levels.

Mid and End Year Maths Whole School OTJ's 2024

## Whole School Achievement in Maths

**Term 2:** 80% of all students are achieving in Maths across the school. Maths is taught in small groups and on a regular basis each day. Smaller class sizes have allowed us to differentiate learning more effectively. There has been a look at Student Agency within this area in the senior part of the school, allowing students to have more direct control over their own learning. Additionally, the school has purchased a Structured Maths Programme which has been trialled with some early success and has now been used across the school.

PD opportunities in this area will continue over the second half of 2024. A Schoolwide online Maths Hub has been set up to help resource students and teachers.

We have had students move out of the **Needing Support** category into the **Working Towards** category with only a small number of students (3%) remaining. We also have **35% of students exceeding**

**expectations** This is the highest and lowest percentages that we have had in the period 2022-2024.

**Term 4:** There has been a gain from **80%** of students meeting the expected levels in Maths to **91%** of students meeting the expected levels. We have had a number of students move from **Working Towards** to **At**. We have finished our school PD this year with Julie as well as finishing our trial of a Maths with structure programme.

**Māori progress in Maths**

**Term 2: 75%** of Maori students are achieving well in Maths. We have seen positive shifts in our Māori student data over this year. Our Māori students are currently performing slightly above overall students - **75%** of Māori students At or Above expectations compared with **74%** of all students within the school.

**Term 4: 94%** are still achieving in Maths compared to **94%** of students at MMS. This is a huge improvement and the first time the data has moved over **90%**. The introduction of Maths with structure alongside PD with Julie this year has started to really make a difference. There was also a move from **6%** down to **0%** in the **Needs Support** category.

**Māori Maths Data Tracking\***

| %               | Term 2, 2022 | Term 4, 2022 | Term 2, 2023 | Term 4, 2024 | Term 2, 2024 | Term 4, 2024 |
|-----------------|--------------|--------------|--------------|--------------|--------------|--------------|
| Needs Support   | 9%           | 0            | 0            | 0            | 6%           | 0%           |
| Working Towards | 36%          | 27%          | 28%          | 7%           | 19%          | 6%           |
| At              | 55%          | 73%          | 72%          | 93%          | 62%          | 88%          |
| Exceeding       | 0            | 0            | 0            | 0            | 13%          | 6%           |

In Term 2, we had **75%** of Maori students achieved in this area.

In Term 4, we have **94%** of Maori students achieving in this area.

\*This data is heavily impacted by student movement as it is a relatively small cohort (17). This means that one student is equal to approx 6% movement.

## Accelerated Progress Graph - Mathematics

| Maths | Insufficient Progress |     |      |       | Sufficient Progress |      |       |       | Accelerated Progress |       |     |       |

| 7     |                       | 25% | 20%  |       | 50%                 | 60%  | 50%   | 25%   | 20%                  | 50%   |     |       |
| 8     |                       |     |      |       | 60%                 | 100% | 100%  | 40%   |                      |       |     |       |
|       |                       |     | 7%   |       |                     | 69%  |       |       | 24%                  |       |     |       |

In Term 2 we had 79% of students making sufficient or accelerated progress.

In Term 4, we have 93% of students making sufficient or accelerated progress.

Teachers continue to relay strategies that have worked for students to build continuity for a student during their time at Mākara Model School.

### What the data tells us:

- Our school has purchased a Structured Maths programme at the end of Term Two to help students with a lot of the Number Knowledge and Basic Facts knowledge they need to help them progress in their problem solving and strategic thinking. It will be good to see the positive effects of this over the second half of the year.
- There has been considerable work done setting up a Maths Agency programme for our senior students to also help scaffold them with their Number Knowledge, Basic Facts, and Strategy work.

- A continued move towards using more open-ended questions.
- The data shows that our Year 2, Year 4, and Year 5 Girls cohorts have achieved well.
- The data shows that our Year 2, Year 4, Year 6, and Year 8 Boys cohorts have achieved well.
- The Year 2 Boy cohort has made significant progress and moved out of an 'at risk' category.
- The Year 6 Boy cohort has made significant progress and moved out of an 'at risk' category.
- Regular group teaching and proper targeted follow up is an important part of Maths learning.

#### **Maths Next Steps:**

- **Highlight students of concern for teachers to create specific targets and interventions around:**
  - **None to report!**
- Identify where our teacher aide/and teacher time can best be utilised to support the needs of our students.
- Implement our chosen Maths with Structure (from a Ministry selected provider) as a whole school and unpack this as a staff.
- Continue to use 'Student Agency' in Maths for our Senior students.
- Use Open Ended Questions, Problem Solving, and Rich Tasks to help enrich students in their learning.
- An implementation of mixed ability groups and targeted groups, using CUBES and Talk Moves - which all align with teaching through a Māori lens, should continue to positively impact these (and all) learners.

## **How we have given effect to Te Tiriti o Waitangi**

We continue to foster a relationship with Mana Whenua, Te Ātiawa.

We have engaged regularly with Te Ātiawa ki te Whanganui a Tara and their Kura Ahurea programme to support and enhance our approach to te reo Māori, local historical narratives and mihi whakatau. We received professional development funding to enable two staff members to attend professional development with Kura Ahurea. In turn these staff return to school and lead professional development for all staff members on the local stories of Te Whanganui a Tara from a Te Ātiawa perspective. This ensures all students at MMS receive the benefit of this work.

All students at MMS receive weekly Kapa Haka sessions with a highly skilled instructor, learning waiata, poi and haka. Our kapa haka group performs at an annual Kahui Ako festival and other community events.

# Statement of Compliance with employment policy

Mākara Model School is an equal opportunity employer and has met its requirements under s597 of the Education and Training Act 2020. We believe that no one should be discriminated against because of their differences, such as age, disability, ethnicity, gender, gender identity and expression, religion or sexual orientation. We are committed to celebrating all dimensions of diversity in the workplace equally and ensuring that everyone feels a sense of inclusion and belonging.

We are committed to equal opportunities in all aspects of employment including recruitment, training, promotion, conditions of service, and career development.

We are constantly listening, learning and evolving to ensure that employment practices are fair and free of any bias.

There have been no known breaches of our Equal Employment Opportunities policy nor have any breaches been reported to the EEO Officer.

## Kiwi Sport Statement

During 2024 we spent our \$1,320 Kiwi Sport funding on various sports equipment to compliment the Sportstart Programme the teachers have all had training in. Students also attended various sports tournaments and we supplemented the funding for kelly sports to provide sessions for the tamariki and staff. We have purchased gear to top up some of our winter sports such as and balls (rugby, football and netballs).

James Appleton  
Principal

# Strategic Plan Summary

## STRATEGIC GOAL

Strengthen Culturally Sustainable Practices

*At Māhara Model School we provide a safe and supportive environment for all of our students, community and staff, ensuring Culturally Responsive practices and inclusivity.*

### NELP 5:

World class inclusive public education

**Kahui Ako Goal:** We affirm the cultural distinctiveness of all

## STRATEGIC INITIATIVES

- 1a** Deepen our understanding of akonga Identity, Language and Tikanga - including the use and practise of Reo.
- 1b** Continue to deepen kaiako understanding of The NZ Histories Curriculum, and our local stories (Kura Ahurea)
- 1c** Develop and Implement Leadership opportunities for our tamariki, especially our Year 7 and 8 tamariki (Tuakana-Teina) ensuring the values drive the culture.

## STRATEGIC OUTCOME

An inclusive learning community that respects cultural diversity

## STRATEGIC GOAL

Every student achieves their best in all areas of the curriculum.

*At Māhara Model School we are active participants in our learning through a wide range of balanced opportunities, celebrating our strengths and developing our practice.*

### NELP 2 and 3:

Barrier Free Access & Quality Teaching and Leadership

**Kahui Ako Goal:** We are agents of our own learning.

## STRATEGIC INITIATIVES

- 2a** Create more opportunities for akonga to be supported and extended as needed, including deepening kaiako understanding of learning progressions and assessment in maths.
- 2b** Deepen Kaiako understanding and improve opportunities for greater Akonga Agency, Student Engagement and growth in Structured Literacy.
- 2c** Aim for 85% of students achieving or exceeding expectations, and 90% achieving accelerated progress.

## STRATEGIC OUTCOME

All akonga achieving success

## STRATEGIC GOAL

Growing Connections, Values and Wellbeing

*With wellbeing at the core, we grow interconnected relationships as we embody Te ara o Māhara.*

### NELP 1 and 4:

Future of Learning and Work Learners at the Centre

**Kahui Ako Goal:** We support the wellbeing of all ākonga

## STRATEGIC INITIATIVES

- 3a** Continue to work with the PB4L programme, seasons for growth, and implement Lego therapy and Wellbeing groups.
- 3b** Continue to deepen community connections, whānau involvement and student engagement.
- 3c** Establish the Values Progressions within goal setting, providing specific support to achieve these goals.

## STRATEGIC OUTCOME

An inter-connected learning community who support each other.

## STRATEGIC GOAL 1

Strengthen Culturally Sustainable Practices

### Actions

- Provide a broad range of opportunities to develop an holistic child and the understanding of their identity.
- Build culturally responsive practices. (Culturally Sustaining Progressions).
- Grow understanding of Tikanga and Reo within the school – (Whāaea T and Education Perfect).
- Ensure staff are capable and confident of supporting NZ unique bicultural and multi cultural identity.
- Develop skills and capability to carry out Mihi Whakataua..
- Consult with whānau to find out what we can do to make the school environment and processes more welcoming to Māori.
- Grow the values within the school to establish desired culture of learning.
- Deepen kiako understanding of NZ Histories, and our local stories (Kura Ahurea)

## STRATEGIC GOAL 2

Every student achieves their best in all areas of the curriculum.

### Actions

- Consult with whānau to find out what we can do to ensure our Māori can see themselves reflected in the curriculum and classroom.
- Ensure all contexts of learning link back to our NZ histories curriculum and Sciences.
- Continue to grow progression understanding within the rubrics on Hero - to ensure a goal driven approach to teaching and learning.
- Grow effective agency across the school in literacy, numeracy and Values.
- Continue to develop effective Structured literacy teaching.
- With a 2024 focus on maths, ensure our kaiako to be ready to effectively implement the new New Zealand Curriculum (refresh) by 2026
- Kaiako implementing 3 hours of Reading, Writing and Maths each day.
- Prioritise and establish support and extension groups across the school - targeting specific groups and needs
- Continue to develop effective live reporting through Hero.

## STRATEGIC GOAL 3

Growing Connections, Values and Wellbeing

### Actions

- Grow connections across the Kahui Ako, with tuakana teina between the two colleges and MMS.
- Utilise the Seasons of Growth Programme.
- Lego therapy to be resourced and working groups across the school.
- Emotional support and resilience work to be done through Art therapy and Mindfulness as needed
- Strengthen community engagement in tamariki learning and wellbeing.
- Look for parent support in marketing and communications (newsletters etc)
- Grow the values programme to develop agency and goal setting as they put their values 'into action'
- Continue to develop effective school wide approach with PB4L.
- Teacher Wellbeing supported through coaching, PD and opportunities as needed.
- Continue to focus on Physical Education opportunities - including accessing external expertise as needed,

## Strengthen Culturally Sustainable Practices - Measurement Framework

| INITIATIVE 1 A                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | KEY OUTCOME MEASURES                                                                                        | BASELINE MEASURES                                                                                                                                       | ENDPOINT MEASURES                                                           | SUCCESS                                                                                 |
